Oxygen Routes is a new service from Druglink, funded by Hertfordshire County Council. Routes supports Hertfordshire residents – struggling with alcohol and other drugs – to maintain a tenancy by navigating them along a person-centred support pathway

HOW DOES OXYGEN ROUTES HELP?

- Encouraging residents to work with local services to help maintain their tenancy
- Person-centred intervention support plans for each resident
- Linking residents into other providers
- Key areas of intervention support can include:
 - Drugs and alcohol
 - Advocacy
 - Mental health
 - Medical
 - Financial help
 - Homelessness
 - Criminal justice
